You will have to manually run the program from the M drive folder you installed it into.

This view will
let you work in
WYSIWYG or
HTML.

I have added the Make a Website tutorial to our Codecademy courses ([goo.gl/WTTLAf](https://www.codecademy.com/learn/make-a-website)). (Be sure you are logged in.) Practise the tutorial assignments in Kompozer.

Even though the tutorial teaches HTML, it is your choice to use the WYSIWYG window or HTML window in Kompozer.
